

Vmoves Fleet Solutions specialise in the inspection and delivery of vehicles throughout the United Kingdom and Europe. Services include online ordering, real-time order tracking and same-day/next-day vehicle inspections and deliveries supported by our team of Inspectors/drivers based across the country. Management and administration activities are conducted from the Vmoves Fleet Solutions Head Office in Warrington, Cheshire.

Vmoves Fleet Solutions is committed to improving environmental performance through its activities and services. This will be achieved through the development and maintenance of an Environmental Management System (EMS), in line with legal and advisory requirements. The EMS will be regularly reviewed and will support Vmoves Fleet Solutions ongoing commitment to continual environmental improvement and pollution prevention.

To meet these aims Vmoves Fleet Solutions will establish objectives and targets, which will be reviewed on a defined periodic basis. These will seek to address (amongst other issues) the following objectives:

- to improve energy efficiency;
- to reduce the environmental impacts of direct and indirect business travel;
- to reduce the amount of waste produced and increase the quantity of waste that is re-used and recycled;
- to reduce paper consumption;
- to use natural resources sparingly and minimise harm to the environment
- to consider sources of renewable energy when practically possible
- to consider environmental issues through procurement activities; and
- to raise awareness and understanding of environmental issues amongst employees and those working on behalf of Vmoves Fleet Solutions.

Vmoves Fleet Solutions is committed to complying with all relevant environmental legislation and other environmental requirements.

This policy will be actively reviewed and implemented. The policy will be made available to the public via the internet and communicated to all staff working for and on behalf of the Company.

A handwritten signature in black ink that reads 'David O'Neill'.
